

Zoe Rowe

I am a young and enthusiastic Artworker and Graphic Designer. As an Ecommerce Retoucher at Pro:Direct Sport for the last three years, I've had the opportunity to work with big brand names like Nike and my passion for creative, visually pleasing imagery has only continued to grow. In my spare time, I continue to hone my creativity - including helping to promote a local club night and creating a sustainable apparel business during lockdown. These projects allow me to develop my skills - such as learning After Effects from scratch.
